## Telephone Dial System Working By Fall, 1958

### Little Leaguers Begin Practice At Phillips Cage

Little League is underway. This weekend marks the first practice session, when officials expect an enthusiastic crowd at the Phillips Academy Cage. Commissioner Charles O. McCullom will be in charge Saturday, from 1-4:30 and again on Sunday during the same hours. Practice and try-outs will be held on the two following weekends as well. And the first game of the 1957 season will be held May 11, with a double-header scheduled for the Playstead. The Red Sox, last season's champions, will meet the Cardinals and the Yankees will face the Giants. The cry "play ball" will be heard at 1:30 that afternoon.

Some 23 interested men met last week to plan the season. Named to head the League was Tom Wallace and the following officers: John Auchterlonie, vice president; Alan Chadwick, secre-

### Construction To Start In May

Andover may have its dial system in operation by late summer of 1958.

Frank Desmond, manager of the Lawrence Telephone Company office, confirmed this week that a \$1,250,000 project will begin here this spring on land on Elm st. The company has agreed to purchase the land from the Doherty Trust, which retains title to a portion with approximately 100 feet of frontage on Elm st.

The Telephone Co. building will be erected in the rear of the parcel, with a right of way to Elm st.

Desmond described the new structure as being 60 feet by 70 feet, of colonial architecture with a brick face. Its roof will be flat.

### Science Fair At Punchard M. 28

The Annual Punchard Science Fair will be held in the Punchard Gymnasium March 28 from 7 to 10 p.m. under the supervision of Arthur Danforth.

The judging and awarding of prizes will be at 10 o'clock that evening. Two sets of prizes are to be awarded, one to a Junior High entrant and one to a Senior High entrant. In turn the winner of the Senior prize will also have an opportunity to enter his exhibit in the State Fair at M.I.T. this spring.

The fair is completely voluntary and a large number from both Junior and Senior High have responded.

The exhibits will cover all phases of science. The exhibits are to show (1) scientific approach

### State Reveals Route 28 Plan

Work on Route 28 in Andover may well be completed by the fall of 1959.

An official of the State Department of Public Works told the TOWNSMAN this week that bids will be advertised this year on all sections of the road here, as well as the bridges spanning the new highway.

First on the list is a target date in June, when it is proposed that bids be requested for five bridges at an estimated cost of \$2,100,000.

In September, the department plans to call for bids on the section running from Wilmington and Tewksbury up to Dascomb rd. The section from Dascomb rd. to the river has already been started.

## Only 783 Attend Town Meeting; Follow FinCom Recommendations

A meagre eight percent of the registered voters spent \$2,482,168 at town meeting Saturday, adding an estimated \$4.47 to the tax rate.

A peak of 783 voters took part in the meeting, although only 618 were present when the meeting

opened and began discussing the annual budgets.

The voters paid strict attention to the Finance Committee's report this year, taking action as recommended by that town board. Thus, although the total money spent would indicate a tax rate somewhat higher than the estimated \$64.47, the voters were able to keep the increase at a reasonable level.

The annual budgets totalled \$2,071,245 and special articles to

### Strong By-Law On Gravel Pits Coming In May

A stronger by-law governing the use of gravel pits will be submitted to the May special town meeting.

Sidney P. White, chairman of the Selectmen, emphatically told a worried resident, Arthur W. Smith of Rattlesnake Hill rd., that complete control of the pits will be sought. Smith attended Monday night's meeting to ask why the by-law had been withdrawn from town meeting consideration.

The lawyers, White answered, felt that more time would result in a better article that would give more complete and thorough control of the pits.

White explained that the lawyers serving on the study committee concerned with all town by-laws had asked for the delay only on

## Atomic Fuel Co. Forms New Board

Formation of Sylvania-Corning Nuclear Corporation and the company's eight man Board of Directors were announced last week by Sylvania Electric Products Inc. and Corning Works, joint owners of the plant which has been established for the purpose of expanding research, development, and production activities in the energy field. The firm is located on 150 acres in Andover for its Nuclear plant.

According to the joint announcement by Sylvania and Corning, the directors are: Don G. M. Sylvania Chairman and President; William C. Decker, Corning Vice President; Dr. William H. Arnold, Sylvania Vice President; Dr. Bennett S. Ellefson, Sylvania Vice President - Engineering; Amory Houghton, Sylvania Vice President - Research; and Walter E. K. Sylvania General Manager of Sylvania Atomic Energy Division, who will be the new company's Executive Vice President.

Sylvania-Corning Nuclear operation was incorporated in Delaware and will have its headquarters at the Bayside, facilities which are presently headquarters of Sylvania's Energy Division. This will become part of the new company when operations are in the near future.

"The over-all field of materials, components and processes is the key to the development of the entire nuclear industry," the joint announcement said. "To meet this need, the program of the new company will be directed toward the development and production of better fuels, reactor materials, components, as well as more efficient methods of separation and recovery of fuels."

### Shawsheen P.T.A.

The regular meeting of the Shawsheen Parent-Teacher Association was held last evening in the auditorium with president John Tansey presiding. During a short business session it was decided to discontinue Fun Nite for this year.

Mr. Tansey announced that the Nominating Committee had been appointed and that it comprises the following members: Mrs. Chester Kopatch, Mrs. Daniel Gill, Hollis Fowler and Miss Ann Harnedy. This committee will hold its first meeting at the home of Mrs. Thomas Noyes on North Main street next Tuesday evening, March 26.

Donald Dunn, Director of Physical Education in the Andover Schools, presented a very interesting program on "Physical Fitness in Elementary Grades." Mr. Dunn used model exercises and children from the fifth and sixth grades to demonstrate them, explaining to the parents just what each exercise is designed to accomplish.

Refreshments were served at the close of the program by the following mothers: Mrs. Andrew Innes, Mrs. John Wholey, Mrs. Melvin Walker, Mrs. Gail Weston Jr., Mrs. Stanley Leadbitter, Mrs. Winslow Burleigh, Mrs. Charles Dufton, Mrs. Joseph Drouin, Mrs.

Thomas Neal and Mrs. James Baxter.

### Shawsheen School News

A very colorful and exciting Social Studies class was enjoyed Monday afternoon by the pupils of Miss Donovan's and Miss Harnedy's sixth grade, and to which Mrs. St. Germain's sixth grade was also invited. It featured actual pictures in color of Japan, and a table laden with Japanese objects such as native dolls, chop sticks, rice bowls, story books, etc., all of which added a sense of reality to the study of Japan which the grades have had during the past month.

Marcia Lee Prevics, one of the sixth grade pupils, who entered Shawsheen school last October, has lived in Japan for the past two years with her parents, Lt. Col. and Mrs. Martin Prevics, now of 6 George st. It was through Marcia and her mother that the program was presented. Mrs. Prevics, using her own projector, showed many beautiful colored slides of the rice fields, the Japanese mulberry trees, the silk worm, and the homes and streets of Japan which gave the children an insight into life and customs of the Japanese people.

## Punchard High

By The Press Club

### The Junior Prom

The Junior Class at Punchard has begun its main project of the year - the Junior Prom. The Planning Board, whose duty it is to decide upon the general type of prom to be given, has already been organized. The following members were elected to this board by their classmates: Sheila Serio, Rand Gesing, Barbara Forsythe, Carol Becotte, Sara Clift, Alan Brown, Janet Skulski, James Bennett, Glenn Williams and Priscilla Alden. The Music Committee, which selects the entertainment, has also been formed. The following are on it: Judith White, John Cavallero, Helen Ellis, Priscilla Terrio, Robert Colpitts, Patricia Murnane and Robert Shaughnessy. James Clegg is general chairman. It is he who will appoint the remaining chairmen and their committees.

### Junior Dance

The Shamrock Swirl will be held Friday evening from 8-11 by the Junior class of Punchard High School.

The programming of the music is purposely being kept a mystery.

### Co-Captains Elect

The ten letter men of this year's basketball team recently elected James Bennett and John Giovinco as their next years co-captains.

Bennett was the teams scoring leader this past season and was also an outstanding rebounder. He is the son of Mr. and Mrs. James Bennett of Woodcliff rd.

Giovinco's great play making and deft ball handling set up many a basket for the Blue Devils during the season. He is the son of Mr. and Mrs. Pasquale Giovinco of 1 Ayer st.

This years lettermen were William McCullom, John Giovinco, James Bennett, Fred Polgreen, Glenn Williams, Albert Damon, Charles Dalton, David Belka, David Best and Frank Leone.

Of this group there are six seniors who will be lost through graduation. They are co-captain William McCullom whose tremendous rebounding ability enabled the Blue Devils to control both backboards in many games; Fred Polgreen, whose undying spirit and courage kept the teams morale up; Charles Dalton, who could always be counted on as that "sixth man" which every basketball team is glad to have; David Best, David Belka, and Frank Leone who, although not regular players, kept the first string boys on their toes and were invaluable in practice. Punchard regrets losing these boys who did so much toward bringing Punchard their eleventh Tech Tourney bid.

**Personals**

### EDIS BOISVERT

The funeral of Edis Boisvert, 62, 645 River rd., West Andover, who died in Lawrence General Hospital March 6, was held Saturday from the Arthur J. Scott funeral home, with a high Mass of requiem at 9 a.m. in Sacred Heart Church, Lawrence. Burial was in Sacred Heart Cemetery, Andover, where Father Beaudoin conducted committal services.

The deceased was born in Wauregan, Conn., and had lived in Lawrence for a number of years. Prior to his retirement he was employed in the Wood Mill.

He is survived by his wife, Mrs. Diana (Savoie) Boisvert; a daughter, Claire, wife of Leonard Potvin of West Andover; two grandchildren, Miss Eleanor Potvin of West Andover and David Potvin of Rockland, Ill.; a sister, Mrs. Evariste Boisvert of Manchester, N. H.; also several nieces and nephews.

The bearers were Lionel and Raymond Goulet, Louis and John Sirois and Henry and Conrad Nolet.

### RALPH B. MANNING

The funeral of Ralph B. Manning, 76, a resident of the Charles Nursing Home, Haverhill, was held March 7, from the Lundgren funeral home with services at 2:30 conducted by the Rev. Horace Seldon. Burial was in Spring Grove Cemetery.

Mr. Manning died March 5 after a long illness. He was a native of Wallace Bridge, Nova Scotia, and had resided in this town for many years. Previous to his retirement, he was baggagemaster for the Haverhill railroad station.

Surviving are his widow, the former Priscilla Lengille; three daughters, Mrs. Ethel Rand of So. Portland, Me., Miss Margaret D. Manning and Mrs. E. Elizabeth Shaw, both of Andover; two sons, Albert L. Manning of Nantucket and Ralph B. Manning of Andover; six grandchildren and six great grandchildren.

### MRS. MARY CROCKETT

The funeral of Mrs. Marie (Hazelton) Crockett, 72, widow of Alexander Crockett of South Main st., was held Wednesday

with services at 2 p.m. at the Lundgren funeral home, 20 Elm st. The Rev. Donald J. Ryder, pastor of First Baptist Church, officiated. Burial was in South Cemetery.

Born in Digby, Nova Scotia, Mrs. Crockett was a resident of Andover for over 57 years. She was a member of First Baptist Church, and the Andover Mothers' Club. She was also a member of Indian Ridge Rebekah Lodge, 136, I.O.O.F., and the Pythian Sisters.

She is survived by a daughter, Mrs. Marion Bennett of Seabrook, N. H.; a granddaughter, Mrs. Leo Fournier also of Seabrook, N. H.; a great granddaughter, Miss Cheryl Ann Fournier; a brother, David E. Hazelton of Dover; also several nieces and nephews.

## Co-Captains Elected For 1958 Basketball

Jim Bennett and John Giovinco have been named co-captains of the 1958 basketball team at Punchard.

Bennett, playing his first year of varsity basketball after transferring from Medford High, was high scorer this year. He also was a hard-running back on the football team and a dash man on the track team.

Giovinco, captain-elect of the baseball team, has played two years of varsity basketball.

## STATE REVEALS RT. 28 SCHEDULE

(Continued from Page One)

Cost of the second link in this community is pegged at \$3,500,000.

The department spokesman explained that a fair rule of thumb on completion dates is two years from the contract award. Thus, if the Dascomb rd. to Wilmington section is advertised and awarded in September, the town may see the end of its construction in 1959.

All sections of the new highway will be usable when completed, the department has pointed out.

The Department also has definite plans to call for bids in May for the Reading, Wilmington, Woburn section of the road. And in August will advertise for bids

on a section north of Route 129 to a portion of Route 125 which will be relocated. These two projects are listed at \$2,800,000 and \$4,600,000.

The portion connecting the bridge over the Merrimack to the present Route 28 at the New Hampshire line will be advertised in September. Its cost is estimated at \$4,000,000. Also slated for bidding this summer is the section of Route 113 in Methuen which will act as a connector from the present Route 28, at a cost of \$1,200,000.

The Department spokesman said the southerly route of the road, below Reading, has not yet been established and no plans can be announced for that section for some time.

(Continued from Page One)

he paid for through taxation valued at \$57,413. The remainder, \$353,510, approved by transfer and available funds - not affecting the tax rate at all.

### Articles Beaten

As recommended by the Com., the library addition was treated, although voters expressed their appreciation for the done at the library and sympathy with the need for space.

The other major article treated was a trunk sewer line from Shawheen Village to the Lawrence area. Voters agreed with FinCom reasoning that a study, voted under a previous article, should be complete before allocating funds for it. It may or may not be a major commendation under the study.

### BPW Set-Back

The Board of Public Works defeated twice during the noon - first on snow removal then on its plan to install water and sewer services street to house. The board \$22,000 for snow removal - more than listed in the Finance Committee Charge.

Harold Rutter wondered what board had brought the matter to town meeting when it had been discussed with the Finance Committee. Flye said the procedure was normal, allowing the board to spend \$2000 on equipment items relating to removal. Wallace Brimer said that the original amount, \$1,000, had been appropriated and the board had clearly endorsed that amount.

Later, Flye explained that the board needed \$12,000 instead of \$5500 under a sewer department because the board planned to install all sewer connections to the main to the homes. This was the plan for water connections, it was explained.

Richard Zecchini of the Com explained that about \$100,000 was involved under three items - and urged the voters to get into the contracting business. He said the amount must be over a dollar on the tax and must be raised even if the money would come from the town eventually. Flye pointed out that the board was wise to do the work because contractors didn't always do a good job, later causing for the town.

The voters again endorsed the FinCom stand and the BPW push its fight on for articles.

### Fluoridation Stays

The only major scrap of the afternoon came over Fluoridation. At the outset, voters limited debate to five minutes. After one man spoke for three-quarters of an hour on the subject, Mr. Roland Sherman carefully each speaker and gave each of the debate an equal chance to be heard. A strong voice

### Articles Beaten

As recommended by the Finance Committee, the library addition was defeated, although voters expressed their appreciation for the work done at the library and their sympathy with the need for more space.

The other major article defeated was a trunk sewer line from Shawheen Village to the Lincoln area. Voters agreed with the Finance Committee reasoning that a sewer study, voted under a previous article, should be completed before allocating funds for what may or may not be a major recommendation under the study.

### BPW Set-Back

The Board of Public Works was defeated twice during the afternoon — first on snow removal, then on its plan to install all water and sewer services from street to house. The board asked \$22,000 for snow removal — \$2000 more than listed in the budget. Finance Committee Chairman Harold Rutter wondered why the board had brought the matter up at town meeting when it had never been discussed with the Finance Committee. Flye said the procedure was normal, allowing the board to spend \$2000 on small equipment items relating to snow removal. Wallace Brimer moved that the original amount, \$20,000 be appropriated and the voters clearly endorsed that amount.

Later, Flye explained that his board needed \$12,000 instead of \$5300 under a sewer department item because the board plans to install all sewer connections from the main to the homes. This also was the plan for water connections, it was explained.

Richard Zecchini of the Finance Committee explained that about \$34,000 was involved under three budget items — and urged the voters not to get into the contracting business. He said the amount would be over a dollar on the tax rate and must be raised even though the money would come back to the town eventually. Flye had pointed out that the board thought it wise to do the work because contractors didn't always do a good job, later causing trouble for the town.

The voters again endorsed the Finance Committee and the BPW didn't push its fight on following articles.

### Fluoridation Stays

The only major scrap of the afternoon came over Fluoridation. At the outset, voters moved to limit debate to five minutes a speaker — after one man recalled last year's meeting when one person spoke for three-quarters of an hour on the subject. Moderator Roland Sherman carefully timed each speaker and gave each side of the debate an equal chance to be heard. A strong voice vote de-

feated the article, which would have had the town rescind its action of last year and supply tablets for those residents who wanted them instead of putting fluorine in the water.

### Pension Debate

Acceptance of an act concerning pensions brought an unexpected debate, as Retirement Board member Edmond Hammond asked the voters to defeat the article. Although the money for it, slightly more than \$3000, was appropriated in the budget, he suggested that the town now has 41 persons in the retirement system, who received \$58,000 last year. They had paid in \$52,956. He said each year they are paid more than they had paid into the fund.

Board member David Nicoll took the floor to urge adoption. He explained that 17 persons would be affected. They have an average of 26 years employment with the town and the average age is 76. He pointed out that the amounts paid these people are low and that, although they could ask for welfare, they don't want to as a matter of pride. Roy Russell also asked adoption of the article, pointing out that Andover should take care of its own.

However, the article was defeated and the money, already appropriated, can not be used to increase the payments to the 17 persons. Town Counsel Vincent Stulgis ruled that such payments probably would be considered illegal, after Taxpayers President Henry Wolfson suggested the town pay the money without adopting the statute.

### Vote By Articles

The vote of the meeting on each article follows:

\$2000 for two new cars for Police Department, trading in 1956 Ford and 1956 Plymouth;

### VOTED

\$1873 to equip and purchase one-ton pick-up truck for Fire Department, trading a 1953 pick-up;

### VOTED

\$6300 to buy typewriter-book-keeping machine and equipment for accountant and treasurer;

### VOTED

Accept Chapter 670, Acts of 1955 and amendments, relating to increasing pensions, retirement allowances and annuities;

### REJECTED

## Dangerous Business

Only 783 men and women thought enough of their town to attend town meeting Saturday.

To be sure, they went through the meeting with an orderly and practical approach to town affairs.

But it was government by minority.

Millions were authorized by a relative handful of voters. Policy decisions were taken and the town's destiny for another year was settled by something like eight percent of the voters.

It's shameful to indicate, as this town has done by its example, that the democratic town meeting means so little.

One might say "we trust our officials and our Finance Committee to do the right thing". Others, perhaps, cite the time (Saturday afternoon) as a reason for not attending. To be truthful, however, most voters didn't bother to attend because there was no scrap. A fight draws a big crowd. Normal business does not. And while that is true, it is also true that the voters should pay more attention to the routine business of their town. They should have enough interest to attend town meeting and protect their investment in the community.

When the majority leaves the direction of affairs to the minority, we see the beginning of the system's deterioration. For not always can we trust the minority to make sensible decisions for the majority. But when it becomes apparent that unwise or dangerous decisions have been made by the minority, it often is too late to correct the situation.

We hope we never again see the day when so few voters respond to their civic obligations.

## Welcome Sign Of Spring

Spring is here.

To some folks the first robin is a certain sign of spring.

To others it's the crocus' cheery blossom.

But to us, the official call for Little League practice marks the beginning of spring. And it always comes a little earlier in Andover than in any other place — a fact that, in itself, is cheerful after a relatively hard winter.

Once again this week we are happy to give notice that spring will be here March 16 at exactly 1 p.m. That's the day and hour when anxious Little Leaguers — some out to protect last year's berth, others trying to make one of the teams — meet at the Cage at Phillips Academy.

Good luck, fellas. It's nice to have you with us again.

\*\*\*\*

## Making By-Law Effective

The acceptance, by town meeting, of John O'Connell's article amending the secret ballot by-law marks the end of a long fight by the veteran commentator on public affairs.

As the expressed will of the voters at the annual session, future meetings will find each voter supplied with ballots on entering the meeting place.

We do suggest that, despite the ballots being in hand, many persons may be unwilling to request their use. For sometimes it appears to others that an individual has some ulterior motive for requesting a secret vote when such need not be the case. Thus many voters want to stay off the spot and won't ask to have the ballots used.

Perhaps town officials could work out some method of requesting an expression from the voters without the necessity of putting any voter on the spot. A simple question "do you want a secret ballot?", posed from the rostrum, would suffice whenever a subject seems to have provoked enough debate and high feeling to warrant it.

Natural ability may be a birthright, but every man has to hustle for experience.

The 301st Field Artillery Battalion is trying to organize an Andover battery. Men from C Battery of the Reserve Unit will be in front of Town Hall Saturday to answer questions regarding the proposed unit. Planning the local recruiting campaign at a recent meeting were David Gordon, specialist 3rd class; Staff Sgt. West; Capt. Willard Currier, Major T. Harrison, Sgt. 1st Class George Krikorian and Sgt. 1st Class Alan Waters. (Cole)

## Down the Years with The Townsman

### 50 Years Ago — March, 1907

The most desperate fire that the local department has had to fight in many years occurred about half past seven Thursday morning at the Tyer Rubber Co. The fire was in a building standing behind the main factory. Naphtha and cement were stored in it. The Naphtha was stored in air-tight metal drums, fortunately, and was removed without damage.

Last Saturday evening the home of Mr. and Mrs. A. F. Hammond, 6 Whittier ct., was the scene of a gay birthday party for their son, Russell.

A social gathering of "Red Lichties" was held at the home of Mr. and Mrs. William Cairnie on Red Spring rd. Saturday evening. A fine musical program was enjoyed.

The directors of the Andover Guild have announced that the traditional Easter egg hunt in the park will not be held this year.

A committee to fight the proposed state school in West Andover has been formed and the members are busily engaged in getting signatures on a petition addressed to Gov. Ely.

### 25 Years Ago — March, 1932

After four hours and 10 minutes of town meeting Monday afternoon, the town found itself with a record low \$21.50 tax rate — the lowest since the World War. Salaries were not cut, but the total appropriation of \$521,155.07 is almost \$72,000 less than last year. Only \$7825 in special articles were approved, the rest coming under department budgets. The amount spent actually calls for a \$22 tax rate but Treasurer Thaxter Eaton told the meeting some \$10,000 in free cash can be used to bring the total down by 50 cents. The meeting went on record against the state school for feeble minded proposed for West Andover.

Taxpayers President John O'Connell announced a membership of 460 today, a jump of over 200 since the day before town meeting — he attributed it to the stand the Association took at town meeting on keeping expenditures down.

H. Gilbert Francke was named

chairman of the School Committee at its organizational meeting Tuesday night.

### 10 Years Ago — March, 1947

Town employees, except teachers and school department personnel, firefighters and policemen, received a \$4 cost-of-living bonus at town meeting. The school personnel were taken care of under that department's budget. Firefighters and policemen were given a permanent raise not to exceed \$250 annually.

Also at town meeting, voters approved the change from a nine-member School Committee to one of five members.

The Stowe School tea will be held Wednesday afternoon at 3 in the music room of the Junior High School.

Somerset beat Punchard in the Tech Tourney, 42 to 37. The local team played a good game in its first Tech competition.

Mrs. James McCord was elected president of the Veterans of Foreign Wars Auxiliary Wednesday night.

Slightly more than \$2000 was raised in the polio drive, according to Walter Mondale, chairman.

Commonwealth of Massachusetts  
PROBATE COURT

Docket No. 254,255  
Essex, ss.  
To all persons interested in the estate of ATHONER H. TUCKER late of Andover in said County, deceased.

A petition has been presented to said Court, for probate of a certain instrument purporting to be the last will of said deceased by EVA F. TUCKER of Andover in the County of Essex, praying that she be appointed executrix thereof without giving a surety on her bond.

If you desire to object thereto you or your attorney should file a written appearance in said Court at Lawrence before ten o'clock in the forenoon on the eighth day of April 1957, the return day of this citation.

WITNESS, JOHN V. PHELAN, Esquire, First Judge of said Court, this eleventh day of March 1957.  
JOHN J. COSTELLO, Register.  
Tomlinson & Hatch, Attys.  
310 Essex Street  
Lawrence, Mass. 14-21-28

service that will allow holders of private and two-party lines to dial directly to out-of-town locations. They will be determined, Desmond said, as the need becomes apparent — based on the frequency of calls to the various outside-Andover communities.

The building probably will be started this May, with a target date for completion in December of 1957. Installation of the equipment will begin then, continuing into the summer and perhaps early fall. Meanwhile, the Company will have the task of converting nearly 7000 services to dial, requiring a personal visit to each home and location. Instructions will be issued to all telephone subscribers and through the schools, both on use of the dial system generally and its use in calling distant points.

## Betty Blaisdell Is On Townsman Staff

The TOWNSMAN announces the addition to its staff this week of Elizabeth R. Blaisdell, 191 Argilla rd., whose duties are expected to run the full gamut of activity in the operation of a weekly paper. She is known better, perhaps, as Mrs. Harry O. Blaisdell, mother of four sons, all of whom are in the Andover schools, or by the simple and familiar "Betty" to her friends and associates. She will also act as Shawsheen correspondent.

Mrs. Blaisdell has a background of considerable breadth both in newspaper reporting and various phases of advertising.

She began her career as society reporter on her home-town daily, the Bethlehem, Pa., Globe-Times, as soon as she left the Moravian Seminary and College for Women, Bethlehem, Pa. There she reported and edited the society page for a period of four years, leaving to enter the advertising field, she first worked in retail advertising where she did copy for leading department stores in Harrisburg, Boston, and Portland, Me., and was advertising manager for the T. W. Rogers Co. in Lynn. She also did agency copy on a New England and national level with Chambers & Wiswell, Inc., Boston, and in the summer of 1955 Betty handled radio "continuity" and news copy for a radio station.

## STRONG BY-LAW ON GRAVEL PITS

(Continued from Page One)

Friday night before the meeting. The Selectmen made every effort, White continued, to be certain that agreement existed among members of the committee before deciding to remove it from consideration.

The town has some control at present, he went on, through the existing by-law. The Selectmen plan to view all the pits and expect to have some members of the study committee see them before writing a proposed by-law for spring consideration.

"It is our honest intent to control gravel pits", White emphasized. Smith replied "We'll bear with you a little longer", as he pointed out that operation of pits in this area continues, with trucks hauling material for the town of Reading out of one pit.

## Weekend Activities At Abbot Academy

This is Abbot Academy's last full week of the winter term before it closes March 19, for two weeks' vacation.

The principal event this weekend is the Saturday performance of "The Tempest" by William Shakespeare, presented by the Junior Class. Each year one of four Shakespearean comedies is presented by this class. "The Tempest" is perhaps one of the most difficult to stage since it needs a combination of unique settings, music and spectacle. Costumes have been made from the school wardrobe by members of the faculty, assisted by a student committee. The leading part of "Prospero" is played by Margery Erickson. The play is under the direction of Miss Emily Hale. The play starts at 7:30 in Davis Hall and the public is cordially invited to attend.

On Sunday evening the Vesper Service will be conducted by the Rev. E. W. Nutting of the First Congregational Church, Wakefield.

The last event of the winter term takes place on Monday evening, and will be a demonstration of the physical educational work which is taught at the school during the year. The exhibition will include Modern dance, Fencing, Apparatus work, Marching, Tumbling, Relay Races and First Aid Demonstration. The judges will be Miss Helen Bowlby of Dana Hall, Mrs. Roscoe Duke of Andover and Mrs. Philip Vigeant of the Pike School. This event takes place at 7:30 and is open to the families and friends of the school.

Planning Board Acts On Master Plan Proposals

The Planning Board has taken action on some of the items listed in the master plan report for 1957.

While not all of the changes will come before the special meeting in May, it is felt among the most significant proposals, both concerning revision of the lot sizes, probably will be included. Others will wait until such time as the Board feels a change is necessary.

The Planning and Renewal Associates have recommended a

Garden Club Wins 3 Prizes

Three members of the Andover Garden Club received distinction in the flower arrangement division at the Spring Flower Show in Boston last week.

On Sunday, the opening day of the show, Mrs. Charles H. Hollis won third prize for her exhibit in the class, "Treasures of the Sea".

Mrs. Hollis presented an attract. Her modern interpretation of an underwater scene achieved by means of coral blocks, pure white sand and silver upon which silver lobster and a mother pearl shell were artistically arranged midst pampas grass and a cactus which represented
